

Aeroméxico July 2026 Traffic Results

Mexico City, Mexico, August 3, 2026 – Grupo Aeroméxico S.A.B. de C.V. (NYSE: AERO & BMV: AERO, “Aeroméxico”) reports its July 2026 operational results.

Grupo Aeroméxico’s total capacity, measured in available seat miles (ASMs), decreased 1.5% year-over-year, while demand, measured in revenue passenger miles (RPMs), declined 1.9%.

Aeroméxico’s July load factor was 88.0%, down 0.4 p.p. compared with July 2025. During the month, Aeroméxico transported 2 million and 157 thousand passengers.

Andrés Conesa, Chief Executive Officer stated: “Our July traffic results were in line with our expectations. International demand continued to demonstrate resilience, delivering solid performance across our network. In the domestic market, demand recovered strongly toward the end of the month following the temporary moderation associated with the World Cup. These results, together with encouraging booking trends, reinforce our confidence in the outlook for the remainder of the year and our ability to continue executing our strategy. We will continue to optimize our network and capacity deployment to capture demand opportunities while maintaining our focus on profitability.”

Glossary:

- **"RPMs"** Revenue Passenger Miles represent one revenue-passenger transported one mile. This includes itinerary and charter flights. The total RPMs equals the number of revenue-passengers transported multiplied by the total distance flown.
- **"ASMs"** Available Seat Miles represent the number of available seats multiplied by the distance flown. This metric is an indicator of the airline's capacity. It equals one seat offered for one mile, whether the seat is used.
- **"Load Factor"** equals the number of passengers transported as a percentage of the number of seats offered. It is a measure of the airline's capacity utilization. This metric considers the total passengers transported and total seats available in itinerary flights only.
- **"Passengers"** refers to the total number of passengers transported by the airline.
